

## Præsentation af Volontører 2019-2020

### **Sophie** (Venstre side)

Hej, my name is Sophie and I am a volunteer from Germany. I am 18 years old and just finished school in Germany by doing my Abitur. I live in Berlin together with my mother and twin sister. In my free time, I always enjoyed dancing, playing the violin and taking pictures. I always wanted to spend a year abroad after finishing school and last year I decided to apply for participating in the European Solidarity Corps program to become a volunteer, which finally brought me here to Højboskolen in Denmark. My work at the school mainly consists of attending and helping in the German lessons, but apart from that, I am working in English lessons, the receiving classes, the Kantine and the SFO. I enjoyed the first two months of my stay here very much and look forward to the rest of my time in Denmark until the end of the school year.

### **Melissa** (Venstre midt)

I'm Melissa, I am 22 years old, I grew up all over the world but I've spent the longest time in England. I speak English and Spanish fluently and French badly. I'm an artist and I graduated from university this year with a degree in fine art painting and drawing. I'm one of the volunteers at the school, I help in some art, English, crafts classes and in SFO. It's been wonderful getting to know the kids and helping them with their creative projects and tasks, it's been great fun teaching and sharing my artistic skills with them and helping them in their classes and I look forward to sharing more skills and ideas.

### **Lea** (Højre midt)

Hi, I'm Lea and I'm 19 years old. I come from Vorarlberg, which is a part in Austria and I'm really looking forward for this school year. For the next 8 months I will be working in the school, mostly in SFO with the 0. and 1. graders. I also join some germane, art and cooking classes. In May 2019 I graduated from school and before I start to work I wanted to try something new and do something on my own. Therefore, I thought that a volunteer year would be great for that. I'm very happy to be here in Denmark to try to work it out.

### **Merve** (Højre side)

Hello! My name is Merve and I come from Istanbul, Turkey. I just graduated from the department of western languages and literatures and I love reading, watching films and dancing. I have worked with children before in a summer school and in private tutorials and I am aspiring to follow a teaching career in the future. In Højboskolen I will mainly be in English classes and in the SFO, but also in some art classes.
